Burgess Appoints Fellow Physician Tom Price as Health Caucus Co-chair

Burgess, Price Join Forces to Pursue Solutions for the Health Care System

WASHINGTON, D.C. – Congressman Michael C. Burgess, M.D. (TX-26) is pleased to announce that Congressman Tom Price, M.D. (GA-06) will serve as Co-Chair of the Health Caucus during the 113th Congress.

“As a fellow physician and Member of the Ways & Means and Budget Committees, Dr. Price is an influential member of the House, always striving to develop policies to improve the health care system for the American people,” said Dr. Burgess. **“Dr. Price will be a valuable asset as Co-Chair of the Health Caucus and will help develop innovative ideas to improve our health care system, while ensuring patients can receive affordable care from the physician they choose.”**

Dr. Burgess founded the Health Caucus at the beginning of the 111th Congress in an effort to educate Republican Members and staff on the issues surrounding health care policy. The Health Caucus hosts regular briefings and forums for Members of Congress and staff on relevant health policy issues. The goal of the Health Caucus is to equip members and their staff with the resources they need to foster productive discussions, communicate effectively, and most importantly, serve the American people.

“It is an honor to have this opportunity to co-chair the Health Caucus alongside my colleague and fellow physician Dr. Burgess,” said Rep. Price. **“Since its creation, the Health Caucus, under the leadership of Dr. Burgess, has done excellent work to ensure we have an informed debate in Congress and across the country about positive solutions to our health care challenges. The fight for patient-centered health care continues, and I look forward to working with my colleagues in the Health Caucus to help improve the quality, affordability, and accessibility of health care.”**

The Health Caucus held its first event of the 113th Congress on January 22 which featured Former Speaker of the House, Newt Gingrich. Future events and meetings will be posted on the Health Caucus' website, healthcaucus.org.
